Comments from Colleges

Not only is David an exceptional musician, but his ability to play songs everyone knows with his own idiosyncratic twist enables him to visibly raise the spirits of any crowd.

He was more than willing to play outside the dorm on a cold, windy day for the Free Love Fest, and the sound of his catchy beats actually drew people out of their rooms, outside for the event. He was definitely the highlight of the concert!

Jenna Blumenfield - Indiana University

David was great. He was great to work with! He had great energy with the audience and the students had a great time... I will definitely bring him back for next fall's event :) I will let you know as soon as I can so we get on his calendar :)

Jennifer Schreer - Albion College

He rocked! You hit a homerun with this one. We will be having him back again.

Ken Brill - Augustana College

David had so much positive energy at the show. He ensured everyone had a great time and enjoyed the music. His comfortable presence onstage really made the audience comfortable as well.

The one man show is back playing a wider variety of music than ever!! Whether it's the new Usher song, some old school rap, or some college sing-along song, David Campbell does it all. His show is packed full of fun songs everyone can either dance to or sing along to.

David has a larger sound than most musicians with the help of his real-time looping pedal. With the stomp of his foot, he can instantly record what he is playing live and loop it back in order to play a melody line or improvised solo over top. David says, "I try to be discrete in using my loop pedal. While some guys build a gigantic loop with percussion and bass and shakers etc., I loop while I'm singing so I don't take away from the performance. Attention spans can be short sometimes."
