

DAVID CAMPBELL Contract Rider

This rider is a part of the contract between David Campbell, II and _____
for the performance at _____ in _____, _____ on _____.

Parking: David will need a loading or parking permit for the day he will appear on your campus. David travels in a regular size truck.

Assistance: Please have at least one person with a really good sense of humor on hand to help load in/load out and show David where to set up.

Power: One grounded outlet is all that is needed; however, if further than 25', extra extension cords should be provided.

Stage: A stage would be great, but if not, that's also fine. If the event is outdoors, the temperature should be at least 60 degrees Fahrenheit and dry or under a tent/cover.

Lodging: A non-smoking hotel room for the night of performance or the evening before, depending on time of performance will be provided. If you prefer to do a buyout, you may add \$100.00 to the performance fee and David will book his own hotel. Either way is fine, but please let us know.

Hospitality: A meal with the students before or after the show would be fantastic. Two bottles of water should be available at the stage for the performance for David to get his quench on.

Misc: If available, one or more school T-shirts/hoodies, bumper stickers or other stuff with your logo on them would be great. David will wear them to the next school and display the stickers.
